DETAILED ACTION

1. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and *MPEP* § 1414.

(i) The declaration must ***specifically*** identify an error. Any error in the claims must be identified by reference to the specific claim(s) and the specific claim language wherein lies the error. Applicant argued the errors in his remarks, not the declaration as required (See *MPEP* § 1414(II)(C).);

(ii) Since this is a broadening reissue, a reissue declaration signed by all of the inventors is required. A declaration by the assignee is insufficient (See *MPEP* §§ 1414.01(III) & 1412.03(V).).

2. Claims 1 and 3-10 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

3. It appears that applicant has made no attempt to address the defect noted in paragraph (1), subparagraph (i), above.

Applicant's petition filed on September 1, 2006 was dismissed. Therefore applicant has failed to overcome the defect noted in paragraph (1), subparagraph (ii), above.

4. Claims 11-20 are identical to the original claims, and are allowable over the art of record for the reasons stated in the original application.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
